

## PRESS RELEASE

### On Luck Chinese Nursing Home Wins Five Star Food Safety Award

The Chinese Community Social Services Centre Inc. is pleased to announce that our On Luck Chinese Nursing Home has recently won a Five Star Food Safety Award from the Manningham City Council. The award was presented by the Manningham Mayor, Michelle Kleinert at a presentation ceremony on 23 November 2016.

The Five Star Awards have only been presented to businesses and organisations who have demonstrated a long-term dedication and an excellent track in food safety. The council has recognised On Luck's exceptional achievement in maintaining safety food standards as part of the nursing home practices.

Assessment criteria for the Excellence Award are based on three major areas – food safety skills, food safety knowledge and compliance with Food Safety Program.

Kim Au, CCSSCI Chief Executive Officer says the award affirms On Luck's commitment to continuous improvement in food safety and quality.

Established in 2006, Chinese Community Social Services Inc. - On Luck Chinese Nursing Home is the only Chinese specific high level aged care facility in Victoria. Upon completion of a new extension in 2014, On Luck Chinese Nursing Home now provides 120 residential places (30 dementia specific places), making it the largest Chinese Specific Residential Aged Care Facility on the same site in Australia.
